"OUTLAW" R. R. STRIKERS HAVE AMALGAMATED

CLAIM MEMBERSHIP OF 250,000
MEN—WANT TO REGAIN
SENIORITY RIGHTS

DON E. CHAMBERLAIN
(United Press Staff Correspondent)

Chicago, May 28—Outlawed by the regular labor unions and demanding recognition by the U. S. labor board, insurgent railroad strikers have amalgamated, and forced to "fight to the death," according to H. E. Read, organizer and leader of the recent outlaw strike.

The amalgamated organization, which has not been given a title, has a membership of 250,000 railroad employees. Read said. He said all are on a strike.

The amalgamation was made, he said, at a secret meeting here of outlaw leaders last week.

"It was agreed that the Chicago Yardmen's association should be the spokesman for the others," he said. "Any steps taken by us would be followed by the others."

"Our object is to gain return of our seniority rights. The men were willing to go back to work some time ago, after they had been given back their rights. But it was collusion between the brotherhoods and railroads who wanted to beat us."

"The reason is the United States railroad labor board's dilatory tactics. They kill time going into statistics while the men have waited for their increase since Jan., 1919."

MRS. S. E. DELAVAN

EXPECT TO IDENTIFY MURDERED WOMAN

LITTLE FALLS WOMAN PHONES
AND DESCRIPTION IS OF HER
SISTER MISSING 5 DAYS

(By United Press)

Minneapolis, May 28—Search for clues to the identity of the woman found brutally murdered in a vacant house on Bryant avenue, extended today to Milwaukee. A hotel clerk who viewed the body of the woman, said it was that of a woman who registered at the hotel Monday night giving her residence as Milwaukee. With her was a man the clerk described as short and stout. The pair left the hotel. She had registered as "Mrs." She returned alone about 11 P. M. and said she did not want the room and demanded her money back. After some argument the money was refunded and she left.

Minneapolis, May 28—The identity of this mysterious woman murdered apparently late Tuesday and her body left in a vacant house on Bryant avenue, was expected to be established today.

Late yesterday the Minneapolis News received a telephone message from Little Falls, Minn., from a woman who in an agitated voice said the description of the murdered woman as published in the papers, answered perfectly to that of her sister who has been missing for a week.

The woman did not give her name nor did she reveal the name of her sister. She said, however, she would be in Minneapolis today to view the body.

Police and detectives who have been working on the mystery, the most baffling in the history of the city, since the body was found in the dining room of the empty house, will now pin their faith in hopes that the woman from Little Falls will identify the murdered victim.

With the identity of the woman established, the chances for running down the slayer will be greatly strengthened.

Two clues, each carrying the story of domestic quarrels, cropped up late yesterday and kept the sleuths busy today.

Early last night C. P. Lindgren, a friend of Captain Jensen of the police department, viewed the body of the murdered woman at the morgue, and declared he was almost positive it was that of a woman whom he saw being beaten by her husband on Eleventh avenue south Tuesday night. Lindgren ordered the man to stop. He replied:

"If you knew what has been going on the last three months you would not interfere." Lindgren, who has only one arm, struggled with the man and succeeded in freeing the woman, who with a child she had with her, boarded a street car.

"I will get her yet. I will kill her if it is the last thing I do," the husband shouted at Lindgren.

STEEL HEAD MAKES NOTABLE ADDRESS

CHARGES THAT SMALL SECTION
OF SO-CALLED "LABOR" IS TRY-
ING TO ANNUAL THE
CONSTITUTION

(By United Press)

New York, May 28—A small minority of the population designated under the word "labor," are threatening to undermine the constitution Elbert H. Gary, president of the U. S. Steel and Iron Corporation, declared in addressing the annual meeting here today.

"The present so-called labor strike, involving rioting and injury to property and persons, are instigated as part of the conspiracy to disturb and demoralize the economic conditions of the country," Gary said.

"In other lands very serious results have been accomplished by the same means which have been employed here," he said.

Gary said the small minority hopes to attract a majority of the people, and thus employ them to obtain "one legislative act after another until the constitution shall be undermined and the whole structure destroyed."

"These men he continued, have already secured some legislation which is wrongfully discriminating."

Speaking of the duties of the employer, Gary said, they must be unselfish, reasonable, fair, sincere and honest.

"Employees must realize that their advancement and content depends upon the progress and prosperity of the employer. They expect to have willing and free investment of capital up to the requirements of business demands.

"Turning to the duties of the public," Gary said, "there must not be any discrimination against or in favor of any group of persons if this country is to obtain the position among the nations to which it is entitled."

"The general public," he declared, "should co-operate with and assist private enterprises."

MRS. FRANKLIN K. LANE

ROADS MUST GO BACK TO GOVERN- MENT CONTROL

THINKS ROPER, CORPORATION
HEAD, UNLESS SERVICE IS
BETTERED QUICKLY

RALPH TURNER,
(Staff Correspondent United Press)

Washington, May 28—The national railroads must go back to government control soon unless private managers begin to operate efficiently and stop calling on the government for financial assistance, Daniel C. Roper, big corporation head, warned today.

"Business men are demanding resumption of government control unless service is bettered quickly," said Roper.

Roper until recently directed the collection of all federal taxes as commissioner of the internal revenue bureau.

"As a taxpayer," he said, "I am alarmed at the financial demands which the roads are preparing to make upon the government. If the government must pay the bill, it might as well assume control."

"There are indications that under the government promise to guarantee private managers six per cent on all investments, the roads will soon call on the government to make up a deficit of about \$500,000,000 for six months' private operation."

Other planks he said the farmers wanted were:

Legislation to control the packer; taxation on rents and other natural resources held for speculation; adequate and cheap credit for farmers and protection of farmer co-operative societies from prosecution under the anti-trust law.

The Gulf Stream.

The gulf stream is the result of the general vertical circulation of the ocean, bringing from the north the denser cold water which sinks below, while the warm water from the equatorial region rises and slides northward above the cold current; the deviation of these currents to the right, giving the surface current a northeasterly direction.

At the New Park Tonight

Last night at the New Park "Anne of Green Gables" certainly won the hearts of all, it is one of the best and cleanest pictures we have seen for ages, interest does not lag for an instant, and enough comedy was manifest to keep the audience entertained in good humor from start to finish.

Any one who did not see this last night should avail themselves of the chance and go tonight, as it's a sure fire pleasure given to people of any age.

VAUDEVILLE AT
THE NEW PARK

Four Acts of Vaudeville Two Days
Each Week Commencing on
Wednesday, June 9

SHOWS TO BE AT 7 AND 9 P. M.

No Reserved Seats. Innovation of
Manager F. S. Workman to be
Watched With Interest

Vaudeville twice a week will be
inaugurated at the New Park Theatre
commencing Wednesday, June 9, on
the same plan as now offered
theatre patrons in Fargo, N. D., and
Winnipeg, Canada.

Shows will start at 7 and 9, with
no reserved seats, and the four acts
of vaudeville of the highest class
will be presented Wednesdays and
Thursdays of each week.

The innovation will be watched
with interest in Brainerd and if as
successful as in the larger cities, will
be continued here.

F. W. Wilson was in Bemidji on
business.

Widow Cries for Joy

"I couldn't eat anything but raw
eggs and sweet milk and was so
weak I could hardly walk across the
room. I would have been in my
grave today if I hadn't taken May's
Wonderful Remedy when I did. When

I think how I suffered with my
stomach and how good I feel now I
cry for joy." It is a simple, harm-
less preparation that removes the
catarrhal mucus from the intestinal
tract and allays the inflammation
which causes practically all stomach,
liver and intestinal ailments, includ-
ing appendicitis. One dose will con-
vince any one of money refunded. J. P. John-
son and druggists everywhere.
